

HIS HOUSE

CHRISTIAN FELLOWSHIP

**UW MADISON
UW OSHKOSH
RIPON COLLEGE**

2021-22 was a great year for us to get back on campus! After a year of COVID-19 taking us off of campus, our teams were eager to physically get back on campus. Nothing replaces getting to meet with students in their space. This past year was a strong year for us in terms of the number of students we interacted with, the number of students we saw go deeper with God, and the number of students who chose to follow Jesus into baptism. In some ways we saw the beginnings of revival at our UW Oshkosh campus immediately following the Winter Retreat. Many students came to our campus ministers confessing long-held strongholds in their lives seeking the healing only Jesus can provide. It was incredible to see so many students seek repentance and desire to walk in the ways of Jesus.

2021-22 was also a year of deep prayer and discernment for new staff to join our team. God was good and provided us with wisdom and quality candidates to join our team here in 2022-23! In Madison we will be adding a full-time staff in Josh Didier and in Oshkosh and Ripon we will be adding two new Staff Residents in Jeremy Young and Emma Lurvey who we hope to come on as commissioned staff in 23-24!

I am continually grateful to God and all the powerful and wonderful things He faithfully does in students' lives throughout the year. This year we saw our students go deep with God having their spirits encouraged and equipped to better serve and love their peers who are far from God. Please join us in this prayer as we praise God for all He has done over this last year!

With you,

Justin Burge
Executive Director

UW | Madison

New Staff • Josh Didier

Josh Didier just moved to Madison from the little town of Kahoka, MO with his wife, Kayla, and their three young boys. Josh started college as a culinary student, but the Lord had different plans! After serving for several years as an associate pastor Josh was led to join us as a campus minister at UW-Madison.

He is excited to serve college students and share with them the Good News of Jesus! It is his passion in ministry to relate everything back to the incredible grace that God has shown us through His Son. Josh will be re-establishing our presence at UW-Madison working to build a student base in this first year. He has a heart for serving students who are disconnected from the church to introduce them to Jesus and develop a community in which they can share their burdens and seek answers to their questions. Please pray for Josh and his family as they adjust to a new community, and for the Lord to connect him with students whose hearts are prepared for the Gospel!

STAFF • AARON PRESTON • CATIE WOLLARD

His House has impacted my life in so many ways, the most significant one being how my eyes have been opened to the beauty God creates around me in every aspect of my life. From the first time God introduced me to this amazing group of people to the absolutely life changing experience with them in New Orleans, God has blessed me to be surrounded with these kind and loving people that I hold dearly in my heart. Our mission trip this past spring break to New Orleans impacted a lot of how I view my relationship with God and His purpose He has given me. I have always felt connected to Him, but on that trip I truly felt His love and His words comfort me. We worshiped through music, prayed over others in need, met so many of His people and, my heart truly changed. I made so many incredible friends and memories that I will cherish and carry with me forever. I am never judged, always encouraged, and I trust every one with anything on my heart. I have never felt more home with a group of people than when I am at His House.

RIPON | COLLEGE

STAFF • LUKE HATFIELD • MANDY KIMES

Going into college I had a faith background and occasionally attended church with my family a couple times a month. I fell out of touch, struggled to find a church and soon stopped attending church and reading my Bible. I joined His House (CCF) because I wanted to have a sense of community and to find my faith again. I got into a lot of bad habits while in college and covid-19 hitting at the same time made things worse. The very first time I attended CCF I met Luke and talked about some of my struggles and right then and there he prayed for me. It was an experience I have never had, and I could feel God telling me this was a place I needed to be every week. I started to join small groups, attend church regularly and serve in any way I could. CCF helped me realize I had been focusing too much on what I thought I needed, when in reality I needed more Jesus. I now have a strong foundation in my faith, I have strong practices and am motivated to serve and help others in any way I can. CCF changed my life forever.

- Kolton ('23)

CCF has significantly impacted my life by connecting me to God's people in one of the most seemingly unlikely places: a college campus. God showed up in my life and used CCF from the very start of my college journey as a freshman to show me my spiritual gifts and change the course of my life forever. I needed a place where I could feel welcomed, loved, and a true sense of belonging, and CCF proved to be that place for me.

SUPPORT
GROUPS**

In 2022-23 this is our hope - to bear witness to the good news of Jesus to those who are far from God. Over the course of this year we will be shifting our focus from events and activities we do to only serve our communities to participating in activities already happening on campus, creating activities and spaces for students who are far from God to grow in real relationship with us, and to finally create spaces of healing and new hope. It is our prayer that students would truly encounter real physical, mental, and emotional good news and healing from Jesus through our community this year. Please join us in prayer as we seek to be present to God and His lost sheep who He is calling home.
